National Heritage of Colour parabikes Collected in the Universities' Central Library

Daw Yu Yu Tin
Chief Librarian
Universities’ Central Library

Introduction

Universities' Central Library is the largest collection of colour parabikes in Myanmar. The colour parabikes being submitted are unique because they are primary resources that are original and complete. Among the 4000 parabikes collected at UCL, the 16 colour parabikes that have been selected are the most outstanding ones. Moreover, they are extremely rare. The earliest manuscript dates back to the early 19th century. All of the manuscripts are still in good condition. They have already been digitized and the public has been given free access to them. These collections have been studied by international scholars for many years. The illustrations are (1) The Life of the Buddha, (2) The Waithanthayar Jataka (Vessantara Jataka), (3) A Buddhist Ordination Hall, (4) 100 Maids of Honor of the Royal Palace, (5) A Donation Made by King Mindone (Myanmar era 1206 – 1222), (6) Taming a Wild Elephant, (7) A Tournament on Horseback, (8) The 31 Planes of Existence, (9) The Structure and Plans of Palaces, (10) A Sign of the Sky, Earth, and a Wood, (11) Training the Royal Elephant, (12) A Polo Tournament, (13) A Donation (Myanmar era 1236-1251), (14) Treaties of Cabalistic Squares and Astrology, (15) A Map of the Royal Palace, and (16) Paddy Fields Adopted by the Minister of Land Surveying. The colours used in the illustrations use red, orange, black, green, blue, yellow, white, pink, and some other bright colour that are very attractive. Moreover, the paints used are natural dyes without any chemicals. As a result they are still in very good condition. There 16 colour parabikes should be registered as part of the memory of the world because of their importance as historical documents reflecting social customs of Myanmar, because of their artistic value, and as documents connected with Myanmar religion. These parabikes have already been digitized and given free access online.

History

We collect parabike manuscripts by purchasing them and through donating. These manuscripts were collected starting 1964. In 1977, Dr. Ragavan, who was the expert in preservation of ancient literature from UNESCO and Chief Librarian of UCL Dr. Thaw Kaung hunted for antique parabike in Mandalay, Sagine, Monwar, Pokklu, Pagan, Nyaung Oo, Magwae, Taung Twin Gee, Pyi, Bithano, Mhoza city. In 2004 and 2017, Chief Librarian of UCL Daw Tin Phone New and library staffs hunted for antique parabike in Pokklu and Magwae in
Upper Myanmar. They received these *parabike* as donation from some well wisher. But they had to buy some. In this way UCL can collect these manuscripts.

Digitization

The colour parabikes are collected and digitized in UCL. Digitized copies are allowed for public access and they are already uploaded for online free access. These colour parabikes are at risk from climate conditions. They are kept in cabinets. These 16 parabikes have been digitized and already gives free access online. We would like to get the training on preservation by means of digitizing to meet the international standard.

Conclusion

Colour parabikes are unique. They rare only are source in Myanmar. There is no alternative for them. They are original and primary sources. Many researchers and students have to study them. It is used as a reference by not only by local but also by foreign scholars to study the culture, history, architecture, arts, literature and life style in Myanmar. We are going to continue digitizing the rest parabikes and give free access online. We are going to make people aware of the value of parabike through social media like radio, TV and journals.
